Welcome to the 51st Annual FORT MYERS BOAT SHOW. I urge you to take a few minutes to look over the layout. There is a lot of ground to cover, and it takes time to see all the boats, boating products and services on display. We have added a shuttle that will stop at all three of our entrances so you can easily get from one end of the show to the other.

The show stretches along the Caloosahatchee River from Centennial Park to the City Yacht Basin. The Yacht Basin is still closed in the aftermath of Ian, but many boats have been relocated on land and several exhibitors have displays inside. Virtually every boat dealer in the area is represented and you will find just about every type of engine, electronics, boat lifts, gear and marine service both inside the Caloosa Sound Convention Center and in outdoor displays.

Be sure to visit our "Know Before You Go" display in the lobby of the Convention Center. Local boating experts are on hand to answer questions about basic boating knowledge, boat safety, and where to go to have fun on the water. There is plenty of food and drink around the show. Take a break and visit the Luminary Hotel or one of the many restaurants and bars only a block away in downtown.

Enjoy the show.

Jan. 11-14, 2024

Bonita Springs Boat Show

Feb 29-Mar. 3, 2024

Fort Myers Boat Show

Nov. 14-17, 2024

The Marine Industries Association of Southwest Florida & Tampa Bay, established in 1973 as the Southwest Florida Marine Industries Association, has grown in recent years to represent over 275 marine businesses along Florida's West Coast. Our membership includes a wide array of businesses associated with recreational boating and dedicated to the responsible growth and preservation of the boating lifestyle.

The Marine Industries Association plays an active role in governmental and legislative matters throughout the region, working to increase awareness of the economic impact of boating and strengthen the industries political voice. The Association works to grow boating and promote member businesses to the boating public through boat shows, web sites, social media and advertising.
